

# The 67th Scandinavian Neurosurgical Congress in conjunction with the 38th Herbert Olivecrona Symposium

19-22 May 2019

Karolinska Institutet, Stockholm, Sweden

## EXHIBITOR INVITATION

Dear exhibitors,

On behalf of the Scandinavian Neurosurgical Society (SNS) we would like to invite you to take part in the exhibition at the upcoming SNS congress in Stockholm. The SNS congress will be held in Aula Medica at Karolinska Institutet, in collaboration with the neurosurgical, neuroradiology and nursing societies from all of the Nordic countries. The exhibition area will be situated next to the Erling Persson lecture hall, which will be used for all plenary sessions of the congress. Coffee breaks and lunches will be served in the exhibition area. We estimate approximately 300-400 participants to take part in the congress from the Nordic countries, as well as from the rest of the world.

Please see below for the different exhibition packages. We hope for your support, and to see you as an exhibitor at the congress.

Organising committee,

Magnus Tisell, Magnus Kaijser, Amina Guenna Holmgren, Per Almqvist, Jiri Bartek, Jannick Brennum and Pedram Tabatabaie
